Included. Provides self-service circulation and account inquiry.		Available. Provides self-service circulation and account inquiry.		Available. Provides self-service circulation and account inquiry.		

### “What additional features are available?”

The chart at the right lists features found only in Surpass Select and Surpass SL. Some are advanced capabilities that will be of interest mainly to experienced librarians. Others are features helpful in larger libraries.

### “Why would I choose Surpass SL or Surpass Select?”

Surpass CL is the ideal program for many librarians. For librarians who desire more advanced features, Surpass SL or Surpass Select may be a better choice.

### “What if I need Surpass SL or Surpass Select later?”

Surpass offers reasonably-priced upgrades. If at any time you decide you need Surpass SL or Surpass Select, simply purchase the upgrade.

### “Help!”

If the features in the chart intrigue you, consider Surpass SL or Surpass Select. If the features are overwhelming, it's likely you don't need them! Your Surpass automation specialist can help you select the software most appropriate for your church library.

MATERIALS	<ul style="list-style-type: none"> <li>• record-matching when importing MARC records</li> <li>• material templates</li> <li>• custom material templates</li> <li>• MARC export</li> <li>• ability to edit in grid view</li> <li>• automatic assignment of material type based on call number during MARC import</li> <li>• extended author and title searches in materials add/edit</li> </ul>
